## PARTY PRESENTATIONS!

Invite your friends & Family to party with a variety of animals from around the world! For your presentation celebration two enthusiastic, professional, & caring wildlife handlers will delight you by showcasing exotic mammals, reptiles, birds, and bugs for an up close and personal look at some of nature's most fascinating creatures. Meet a huge python or Boa, an alligator, a tremendous tortoise, and some very creepy crawlies. 12 or so exotic species in all.

Our friendly presenters have a lot of experience talking about our animals in a interactive and fun manner. Our birthday party presentations are not just fun but educational as well! We talk about where the animals are from, what they eat, their favorite things to do, and the special ways they live their lives. Afterwards, all the children (and adults) clean their hands with "germy lotion" (antibacterial hand sanitizer) that we provide. See these creatures and more by inviting PartyPets or Party Pets of Ohio to your next celebration!
